

# Sirens

## LCS652 - Economy w/Aux Switches 100 Watt

### Specifications

**Size:** 2"H x 6"W x 5-1/4"D  
**Weight:** 3.5 lbs.  
**Output:** 100 Watts  
**Voltage:** 10V - 16V DC  
**Frequency:** 675-1633Hz  
**Amp Draw:** 8 Amps

### LCS652

The LCS652 combines small size with big power. Like the SS650, this unit is ideal for volunteers and vehicles with limited mounting space but also requiring the flexibility to control lighting or other auxiliary functions. The LCS652 gives you two 15 amp On/Off switches along with all the features of an economy siren in one unit. This unit is designed to operate one 100 watt speaker and features a 3-position rocker switch that gives you Yelp and Wail tones while offering Manual siren control and Air horn override in the Standby mode. The momentary rocker switch provides Phaser override in the Yelp mode. The LCS652 features jumpers for option selections and is protected against speaker shorts with a self-resetting circuit and a high & low voltage shutdown feature. Ships complete with wire harness w/positive locking connector, mounting bracket, hardware, and instructions.

## LCS653 - Undercover w/Aux Switches 100 Watt

### Specifications

**Size:** *Control Head:* 2-1/4"H x 3"W x 1-3/4"D  
*Amplifier Box:* 2"H x 6"W x 5-1/4"D  
**Weight:** 3.5 lbs.  
**Output:** 100 Watts  
**Voltage:** 10V - 16V DC  
**Frequency:** 675-1633Hz  
**Amp Draw:** 8 Amps

### LCS653

The LCS653 is an ideal choice for undercover applications. Like the SS651, this unit is ideal for vehicles with limited mounting space but also requiring the flexibility to control lighting or other auxiliary functions. It features a 3-position rocker switch that gives you Yelp and Wail tones while offering Manual siren control and Air horn override in the Standby mode. The momentary rocker switch provides Phaser override in the Yelp mode. The compact control panel can be easily mounted under or on the dash panel. The amplifier section is compact for concealed mounting. The unit is designed to operate one 100 watt speaker. The LCS653 features jumpers for option selections and is protected against speaker shorts with a self-resetting circuit and a high & low voltage shutdown feature. Ships complete with wire harness w/positive locking connector, hardware, and instructions.
