

Sirens

LCS850 & 800 Unistar Command Center 200 Watt

Specifications

Size: Control Head: 3-3/8"H x 6-3/4"W x 3/4"D
Amplifier: 2-1/2"H x 7"W x 7-3/8"D
(plus 3/4" flange on each side)

Weight: LCS800 & LCS800-F (with Flange): 8.5 lbs.
LCS850 & LCS850-F (with Flange): 9.5 lbs.

Output: 100 or 200 Watts (1 or 2 speakers)

Voltage: 10V - 16V DC

Frequency: 675-1633Hz

Amp Draw: 8 Amps (per speaker)

LCS880 & 881 Unistar Command Center 200 Watt

Specifications

Size: Control Head: 6"H x 2-1/2"W x 1-1/2"D
Amplifier: 2-1/2"H x 7"W x 7-3/8"D
(plus 3/4" flange on each side)

Weight: LCS880: 8.5 lbs.
LCS881: 9.5 lbs.

Output: 100 or 200 Watts (1 or 2 speakers)

Voltage: 10V - 16V DC

Frequency: 675-1633Hz

Amp Draw: 8 Amps (per speaker)

LCS800 & LCS850

The Unistar™ Command Center combines a full feature 200 Watt siren, an 8 function light control switch panel, and a traffic director controller (LCS850 only) all into one dual-colour keypad driven unit. The control head features a dual-colour (Red & Green) lighted keypad, a 4-position progressive slide switch with LED indicators, LED speaker diagnostics, an attached noise cancelling PA microphone, and is available with or without a flush mounting flange. Selectable operating modes are Wail, Yelp, Hands Free, Phaser, Manual, Alert, and Radio. Operating tones are Wail, Yelp, Air Horn, Phaser, Manual, and Two-Tone. Positive or negative switching for AUX and Park Kill inputs. Sirens are protected against speaker shorts with a self-resetting circuit and a high & low voltage shutdown feature. These units also feature, integrated horn ring transfer output, jumpers for option selections, public address override, and separate volume controls for the radio repeat and public address functions. The amplifier and switch box mounts conveniently and connects to the control head through a telephone style cable. Ships complete with wire harness w/positive locking connector, mic clip, mounting bracket, hardware, 30 standard function labels, and instructions.

LCS600

The LCS880 & LCS881 Series are a new ergonomically designed, hand held versions of the LCS800 & LCS850. They feature a 7 function light control switch panel, and a traffic director controller (LCS881 only) all into one hand held, dual-color keypad driven unit. The control head features a dual-color (Red & Green) lighted keypad, a 4-position progressive slide switch with LED indicators, LED speaker diagnostics, and a built-in noise cancelling PA microphone. Selectable operating modes are Wail, Yelp, Phaser, Manual, Alert, and Radio. Operating tones are Wail, Yelp, Air Horn, Phaser, Manual, and Two-Tone. Positive or negative switching for AUX and Park Kill inputs. The Unistar™ Command Center is protected against speaker shorts with a self-resetting circuit and a high & low voltage shutdown feature. These units also feature integrated horn ring transfer output, jumpers for option selections, public address override, and separate volume controls for the radio repeat and public address functions. The amplifier and switch box mounts conveniently and connects to the control head through a telephone style cable. Ships complete with wire harness w/positive locking connector, Hand piece cradle, hardware, 30 standard function labels, and instructions.
